Dear Heather,

What a good surprise for us to discover an American Jewish woman who want to narrates the Neturei Karta history!

1- Us? The World Realist Church & the Brand-New People (eglise-realiste.org and eglise-realiste-boodica.org).

French activists, we support the Neturei Karta (נטורי קרתא) since we have known about their existence in 2006!

We met them in Monsey (USA) in 2009, debated with Rabbi Dovid Weiss by phone the same year, visited them in London in 2012, and whenever the opportunity presents itself, we support them in our writings.

2- What a very emotional moment for us, when this “Small Rest” of Israel (שְׂעָרֵית יִשְׂרָאֵל = SH'ERIT YSRA'EL) makes of Independence Day (יּוֹם הַעֲצֵמָאוּת = YOM Â'TSEMA'OUT) – 14th May 1948 = 5 Iyyar 5708, a Mourning and Wailing day; ... and which is delaying the Coming of the Messiah. What a bravery!

We abhor Zionism as much as they do! The Judaism's Sworn enemy is really Zionism!!

3- But, the survival of the Neturei Karta is a very good luck for Humanity, because they are living witnesses of the world that we must rediscover to rehabilitate it: the Matterist-Kindred World.

It's time for them to take the lead of the Brave Kindred Internationale, under the auspices of Pure Matterist Observance! And let's the Feminin Party govern!

4- If you want to know us a little better, please give me a postal address and I will gladly send you this documents:
